“Som såvel allerede noteret selskab, eller helt ny-noteret selskab på børsen, kan det opleves tidskrævende at skulle udarbejde og udsende selskabsmeddelelser til alle stakeholders. Hertil kommer, at det også kan føles lidt usikkert at skulle overholde alle regler og krav til korrekt kommunikation til markedet.

Med kommunikationsplatformen Via Ritzau slipper du for bekymringer – vi har her samlet alle relevante interessenter, medier og journalister i ét system.

“CMI2i provides unique capital markets intelligence to issuers and their advisors. CMI2i is known for the world’s most accurate share and debtholder identification service, supporting both corporates and their advisors with investor relations, ESG, shareholder activism, capital restructuring and proxy solicitation. Our team has provided intelligence and advice to over 500 of the largest, most structurally complex companies in the world, and supported numerous corporate transactions and general meetings. As a result, we offer clients a unique combination of skills, experience and methodologies within the following areas:

- Capital Market Intelligence & Investor Relations Support
- ESG & Corporate Governance Analysis
- Proxy Solicitation
- Capital Markets Advisory & Engagement “

We specialise in on-going reporting for IR teams, as well as high profile mergers and acquisitions, takeovers, activist campaign defences, capital raising, and other events that inevitably lead to change in a company’s shareholder structure. Uniquely, CMI2i is the only company armed with the methodology and proprietary intelligence tools needed to truly accurately identify share and bondholders. Our reports have been specifically designed to provide near real-time insights and guidance on the evolution of a company’s share ownership, whether that change is prompted by a capital event or by a shifting capital market story.

AlphaSense

AlphaSense is an AI powered search platform used by over 900 Investor Relations Teams, 70% of the world's 50 largest funds, and sell side equity research teams. Since 2011, our technology has helped IR professionals enhance their programmes by working smarter. Our award winning broker research offering Wall Street Insights, providing IR teams with access to 1000+ research firms without the need for entitlements has been widely praised, and is the first of its kind. We include exclusives like Goldman Sachs, Citi, BofA and others. Alongside our market leading analyst research we aggregate — company filings, event transcripts, expert call transcripts/buy side interviews, news, and trade journals.

As an investor relations professional, managing analyst perceptions often feels like relentless work. Between staying on top of industry and competitive research, conducting earnings script preparation, press releases, C-suite updates and building relationships with investors and analysts, the pressure to perform is astronomical. With a never ending task list, AlphaSense and its intuitive AI platform is dramatically changing the way IROs conduct efficient research and proactively monitor market updates, and communication to investors.

Having recently closed on our Series D, led by Viking Global, Goldman Sachs and BlackRock we are rapidly expanding. AlphaSense employs over 1,200 people across offices in the U.S, U.K., Germany, Finland, and India.
